

## War Casualties' Weekly Report

QASSED Strategic Research Center closely monitors the casualties of Afghan civilians and the involved parties due to war and security incidents on a weekly basis.

The casualties' figures are collected based on confirmed information and reports reported by the Afghan government sources, Taliban sources, eye-witnesses, and other reliable sources.

The main purpose of these reports is to grab attention of authorities and responsible parties to severe casualties of the ongoing war.

**Table 3: Civilian Casualties**

Name	Killed	Injured	Total
Civilians	20	21	41
<b>Total</b>	20	21	41

## Foreign Forces' Casualties

### June 26:

The Resolute Support Mission in a statement confirmed that two American soldiers were killed in Afghanistan. NATO didn't confirm the province which these two soldiers were killed at. But Taliban in a statement claimed that these two soldiers have been killed in Sayed Abad district of Maidan Wardak province.

## Conclusion

The last week's report shows that all over the country, 383 people have been killed and injured from June 20-26, 2019. It's worth mentioning that during the past week, a significant decrease has seen in Afghan forces and civilian's deaths and injuries, but the Anti-government armed militants have suffered heavy casualties in Afghan forces operations and foreign forces airstrikes during the last week.
